EXTRA CURRICULAR ACTIVITIES

Project ► SMART DUSTBIN

College Project

In the 'Smart Dustbin' project, I contributed to revolutionizing waste management. Leveraging innovative technology, we developed a system that enhances the efficiency of waste disposal, demonstrating my practical application of technology to real-world challenges.

Project ► REALISATION OF ATM SYSTEM BASED ON FINGERPRINT RECOGNITION

College Project

As part of the 'ATM System with Fingerprint Recognition' project, I played a key role in implementing cutting-edge security features for financial transactions. This project reflects my commitment to utilizing advanced technologies to enhance security and efficiency in critical systems.

Project ► Ecommerce Website

Internship

My involvement in the 'E-commerce Website' project focused on creating a seamless and user-friendly online shopping experience. Through strategic design and implementation, we ensured a smooth customer journey, highlighting my expertise in enhancing digital interactions.

HOBBIES

Reading Book.

Listening to soft music.

Net Surfing and Collecting information about new technology trends.

DECLARATION

I hereby declare that the particulars stated above are true to the best of my knowledge.
